

# Inside Out

Kate Voegele

In fairness I was an easy sell  
Though I'm embarrassed  
To admit it to myself  
And the worst part is  
You know it all too well  
So don't take advantage  
Of my transparent shell, no

But I think you know what I need  
Impossible as it may seem  
And I think it's easy to see

I am awake, it's getting late  
I'm in no state to be alone now  
Yeah, I'm alone now  
Come light the fire in my room  
I think I'm losing all control now  
I don't even know how  
But I'm in your rip tide  
And now I'm inside out

I'm in the corner of the street cafe  
And my heart is warmer  
Since I heard from you today

Like a shallow creek I am gleaming  
No chance of keeping any secrets  
Have I lost enough security yet?

I tried to hide it, I can't deny it  
Now I'm inside out  
Say you love me, yeah, all or nothing (oh)  
Now I'm inside out

I am awake, it's getting late  
I'm in no state to be alone now  
Yeah, I'm alone now  
Come light the fire in my room  
I think I'm losing all control now  
I don't even know how

I tried to hide it, I can't deny it  
Now I'm inside out  
Say you love me, yeah, all or nothing (oh)  
Now I'm inside out
