

# Kindly Unspoken

Kate Voegele

As high as the moon  
So high were my spirits  
When you sang out my name

And coming from you  
It was enough just to hear it  
Oh, it rang like the bells did today

But even the sturdiest ground  
Can shift and can tremble and let us fall down

Kindly unspoken  
You show your emotion  
And silence speaks louder than words  
It's lucky I'm clever  
If I didn't know better  
I'd believe only that which I'd heard

In the days of my folly  
I followed your lead  
Did what Simon Said to do

But I won't let melancholy  
Play me for a fool  
Oh, no I'm on my way somewhere new

And as far as your lack of something to say  
Well, to tell me goodbye there was no better way

[Chorus]

So don't keep me up till the dawn  
With words that'll keep leading me on  
I know much better than to wait for an answer from you

[Chorus]
