

Animals On Fire

Kate Walsh

The train comes round again
Twenty-five times in one day
But the train ain't fast enough
My heart beats track beats away
Yeah

'Cuz we're like animals on fire
No, we're like a gentle firefly
And, we're like a hunger for one another

Rolling down the river wide
You said it ain't like you to call
Just a tongue-tied fool

Now rest your green on my
Honey, I'll follow your fingers hunting me
I'll whisper my love for you

'Cuz we're like animals on fire
No, we're like a gentle firefly
And, we're like a hunger for one another

There's no one in the way
There's no one in the way for us
'Cuz I'll hold the weight for you
Yes, I'll hold the weight for you

The train comes round again
Twenty-five times in one day
But the train ain't fast enough
My heart beats track beats away
