

# Gather My Strength

Kate Walsh

I wish I could be there  
I'd cut off all my hair  
And make a rope  
And pray and hope he'd dare

I'd row up in a boat  
And wear a pitch-black coat  
And climb aboard  
And run towards my love

Who could stop me when he's in danger?  
I know he's far, but I need to save him  
I need to bring him my love

'Cause there's no other love like ours  
There's no love like ours  
Hang on in there, my love  
Sit tight, my love

I'd turn out all the lights  
And hide him out of sight  
And gather all my strength  
So I could fight

Who can get in my way when I love him?  
I know he's far, but I need to save him  
I need to bring him my love

'Cause there's no other love like ours  
There's no love like ours  
Hang on in there, my love  
Sit tight, my love

We'll run away and hop around, love  
And all the way we'll know it's real love

There's no love like ours  
There's no love like ours  
There's no love like ours  
No love like ours  
Hang on in there, my love  
Sit tight, my love
