

Can't Stop Now

Katelyn Tarver

I like to think I'm something of a mystery
I like to play it hard to get me
I'm usually the one who takes the lead, but you're giving me
A taste of my own medicine
It's making me feel dizzy

I'm a real tough girl, but you're bringing me down
I've got my defenses up, but you're finding your way around
And I fought so hard, but it started to feel good, so good
So you can't stop now

How did you turn the tables on me
Why am I confused, I'm normally the centerpiece
This knight has stripped me from my armor, and this is karma
Boy I just can't wait to see what's coming around for me

I'm a real tough girl, but you're bringing me down
I've got my defenses up, but you're finding your way around
And I fought so hard, but it started to feel good, so good
So you can't stop

Now I surrender, you're in control
If you're gonna start me up, then baby, let's go
Ohhh, oh yeah, oohh

I'm a real tough girl, but you're bringing me down
I've got my defenses up, but you're, you're finding your way around
And I fought so hard, but it started to feel good, so good, ooh
hh, ooh

I'm a real tough girl, but you're bringing me down (oh yeah)
I've got my defenses up, but you're, you're finding your way around
And I fought so hard, but it started to feel good, so good
(Ohhhh) So you can't stop now
