

# I'll Make It Real

Katelyn Tarver

On this path there are so many roads,  
Many roads to choose from  
A few seem pleasant but I know where they lead,  
Their happiness is an illusion  
As I wander around, and it reaches twilight  
I will be all right if my light shines bright  
I can see myself now, far along my path  
Though I may be weary my life will be right

I have a dream of what I can be  
I'll make it real, I'll make it real  
Have faith in me, just wait and see  
I'll make it real, I'll make it real

I won't change my face to hear them say,  
Hear them say 'I like you'  
And I won't change my heart to hear anyone say,  
Hear anyone say 'I love you'  
As long as I stay true to myself  
Everything will take care of itself  
As I take a breath, and look to my future  
I won't want to trade places with anyone else

I have a dream of what I can be  
I'll make it real, I'll make it real  
Have faith in me, just wait and see  
I'll make it real, I'll make it real

My dream - I can make it real  
My dream - true to what I feel  
I won't be intimidated  
I'll make a path to my destiny

I have a dream of what I can be  
I'll make it real, I'll make it real  
Have faith in me, just wait and see  
I'll make it real, I'll make it real
