

# Weekend Millionaires

Katelyn Tarver

(Come on and move your body)  
(Come on and move your body)

We've been killing time  
Just tryna to skip that nine to five, that nine to five  
Restless happy souls  
Not soldiers doing what we're told

Don't make me wait out in the line  
I know a guy who knows a guy  
He swore I'd get in  
I'm with the band, I'm in the show  
Haven't you heard, yeah don't you know  
Everyone's my friend

All the young fools, we're starving in the back  
Credit card shoes, we're weekend millionaires  
Just tryna be cool, yeah one day we'll be there  
'Til Monday comes again  
We're weekend millionaires  
Weekend millionaires, one day we'll be there  
Weekend millionaires, one day we'll be there

Out of food again, and we're ten blocks from H&M  
We turn in five of them  
Empty bank account, if my old friends could see me now  
Look at me now

Don't make me wait out in the line  
I know a guy who knows a guy  
He swore I'd get in  
I'm with the band, I'm in the show  
Haven't you heard, yeah don't you know  
Everyone's my friend

All the young fools, we're starving in the back  
Credit card shoes, we're weekend millionaires  
Just tryna be cool, yeah one day we'll be there  
'Til Monday comes again  
We're weekend millionaires  
Weekend millionaires, one day we'll be there  
Weekend millionaires, one day we'll be there

(Come on and move your body)  
We just want the good life  
Make it on a part time  
Take it up on cloud nine  
Never coming down  
Put me in the best light  
Yeah I'm looking just right  
Gotta get my good side  
All the young fools, we're starving in the back  
Credit card shoes, we're weekend millionaires  
Just tryna be cool, yeah one day we'll be there  
'Til Monday comes again  
We're weekend millionaires  
Weekend millionaires, one day we'll be there

Weekend millionaires, one day we'll be there
