

# Appetite

Katharine McPhee

One sip and I'll be okay  
Only aching for your taste  
I just gotta get my fix  
Love your flavor on my lips

Send your sugar straight into my veins  
I crave you  
All the time  
Let me spend the night and entertain you  
Detain you  
All night

You can get me up all night  
You know exactly what I like  
Satisfy my appetite  
Promise I'll just take a bite  
Do it just the way you like  
Satisfy my appetite

Whisper with your sweet tooth  
Just a lick and I'm seduced  
Mmm...  
Got a mouthful on my plate  
Wanna savor you all day

Send your sugar straight into my veins  
I crave you  
All the time  
Let me spend the night and entertain you  
Detain you  
All night

You can get me up all night  
You know exactly what I like  
Satisfy my appetite  
Promise I'll just take a bite  
Do it just the way you like  
Satisfy my appetite

Promise I'll just take a bite  
Do it just the way you like  
Satisfy my appetite
