

# Had It All

Katharine McPhee

Why'd I have to go and be a fool again  
Why'd I have to go and make a big thing out of nothing  
I didn't know what I had 'til you were gone  
It was right in front of me all along  
And now those days of "same old story"  
Are feeling more like faded glory

Had it all, I threw it all aside  
Thinkin' there was more out there I needed to find  
I had it all baby  
'Til you went away  
Blue skies, sunshine, and butterflies  
Those were the conditions that I left behind  
Why did I let it go to waste  
I had it all

Where are all the fireworks I thought I'd see  
I still haven't found the magic I was lookin' for that made me leave, no no  
I traded in my comfort zone  
For empty nights of bein' alone

I had it all, I threw it all aside  
Thinkin' there was more out there I needed to find  
I had it all baby  
'Til you went away  
Blue skies, sunshine, and butterflies  
Those were the conditions that I left behind  
Why did I let it go to waste

Why did I believe that little voice that led me down the path to this bad choice  
Why don't I listen to the angels when they sing  
I had it all, I threw it all aside  
Thinkin' there was more out there I needed to find

I had it all baby  
'Til you went away  
Blue skies, sunshine, and butterflies  
Those were the conditions that I left behind  
Why did I let it go to waste  
I had it all
