

# Terrified

Katharine McPhee

1. You by the light is the greatest find  
In a world full of wrong you're the thing that's right  
Finally made it through the lonely to the other side

R: You said it again my heart's in motion  
every word feels like a shooting star  
I'm at the edge of my emotions  
Watchin' the shadows burnin' in the dark  
And I'm in love  
And I'm terrified  
For the first time  
And the last time  
In my only life

2. This could be good it's already better than that  
And nothing's worse than knowing you're holding back  
I could be all that you needed if you let me try

R: You said it again my heart's in motion  
every word feels like a shooting star  
I'm at the edge of my emotions  
Watchin' the shadows burnin' in the dark  
And I'm in love  
And I'm terrified  
For the first time  
And the last time  
In my only

\*: I only said it 'Cause I mean it  
I only mean it 'Cause it's true  
So don't you doubt What i've been dreaming  
Cause it fills me up it holds me close  
whenever I'm without you

R: You said it again my heart's in motion  
every word feels like a shooting star  
I'm at the edge of my emotions  
Watchin' the shadows burnin' in the dark  
And I'm in love  
And I'm terrified  
For the first time  
And the last time  
In my only  
life... life...  
life...  
In my only life...
