

# Rejoice

Katherine Jenkins

Where did I misplace my faith  
Where did I set it down  
Which one the day that I forgot  
What this was all about  
And I came so close  
To throwing it all away  
But I'm taking it back again

So come and rejoice  
Come and rejoice  
What was lost is found

When did I get so sensible  
Make me a fool again  
My life was a half empty glass  
Now it is full again  
And this road we take  
Is never an easy place  
But somehow we've found our way

So come and rejoice  
Come and rejoice  
And you don't even have to make a sound  
I feel it in your touch  
You sing it with you eyes  
What was lost is found

So come and rejoice  
Come and rejoice  
What was lost is what was lost is  
What was lost is found  
What was lost is found
