

Goodnight, California

Kathleen Edwards

You know what I wish?
It was just you and me
Sitting in this corner bar
You can tell me how you are
I'm not going to lie
Or anything
You don't even have to speak
If you keep looking at me

I could go all night
But they're turning up the lights
It would be so easy
To do or say anything
But I'm not going to lie
Or anything
I won't let you in my heart
But you are always on my mind
