

Easy And Me

Kathryn Williams

We road on train
With anger and pain
But we didn't cry
Easy and me
And some other guy

We hooked some ride
Stood side by side
And watch cars go by
Easy and me
And some other guy

Days and nights
We care for each other
The wrongs and the rights
We shared with each other

Then one day last week
He kissed my cheek
And whispered goodbye
Then easy walked on
With some other guy

One day last week
He kissed my cheek
And whispered goodbye
Then easy walked on

With some other guy
