Spit On A Stranger

Kathryn Williams

However you feel, whatever it takes Whenever it's real, whatever awaits Whatever you need, however so slight Whenever it's real, whenever it's right

I'll be thinking long and hard About the things you said to me Like a bitter stranger Now I see the long and short And never ever what's in between

I could spit on a stranger You're a bitter stranger

Whatever you feel, whatever it takes Whenever it's real, whatever awaits me Whatever you need, however so slight Wherever it leads, whenever it's right

Honey, I'm a prize and you're a catch And we're a perfect match Like two bitter strangers And now I see the long and short of it And I could make it last

I could spit on a stranger You're a bitter stranger Well, I could spit on a stranger You're a bitter stranger

I see the sunshine in your eyes
I'll try the things you'll never try
I'll be the one that leaves you high
