

You Are My Dreamer

Kathy Mar

You are my dreamer
You are my candle in the dark
You are the holder of such a warm and precious
Spark of love within you
You make my seagull heart just fly
You are my dreamer
My bright tomorrow
And I will love you 'til I die

You may be quiet
But I can hear your warm heart sing
You are a jewel
And worth the ransom of a king
And all his kingdom
If you were gone what would I do?
Without my dreamer
I would have nothing-
No one to give my dreaming to

If you can hear me
Then you will know this song's for you
'cause when you're near me
I can be sure that you are true and understanding
A gentle harbor in the storm
So undemanding and full of sunshine
You keep my heart so safe and warm
You are my dream in human form

I know your love will see me through
My gentle dreamer
You are my song now
The one I give my dreaming to
