

Hurt Some

Kathy Mattea

I got a few words
For all you women out there
If you've ever been in love
Or if you're ever gonna be

There's nothing much sweeter
Than laying in the arms of your mortal man
But it ain't all wine and roses
You just listen to me

Yeah, you're gonna fight some
That means you're gonna cry some
Gonna look into his eyes
And wonder why some

If you're gonna love someone
And do it like it's s'pposed to be done
Yeah, you're gonna hurt some

Gonna wait up late some
Lay there wide awake some
As much as you wanna give
You're gonna have to take some

If you really love someone
You're in it for the long run
You're gonna hurt some

Yeah, you're gonna hurt some
Get down in the dirt some
Gonna have to roll up your sleeves
And really work some

If it's gonna be real some
Gonna need nerves of steel some
Might be sitting in the same damn room
And still feel lonesome

Yeah, you're gonna hurt some
Get down in the dirt some
Gonna have to roll up your sleeves
And really work some

If it's gonna be real some
Gonna need nerves of steel some
Might be sitting in the same, same damn room
And still feel lonesome, oh yeah

You're gonna cause a scene some
Sayin' what you mean some
Might get so mad, you feel like
You wanna scream some

If you really love someone
You know where I'm coming from
Yeah, you're gonna hurt some

I got a few words
For all you women out there
If you've ever been in love
And if you're ever gonna be
