

A Baby's Prayer

Kathy Troccoli

I can hear her talking with a friend
I think it's all about me
Oh how she can't have a baby now
My Mommy doesn't see

That I feel her breathe, I know her voice
Her blood, it flows through my heart
God you know my greatest wish is that
We'd never be apart

But if I should die before I wake
I pray her soul You'll keep
Forgive her Lord, she doesn't know
That You gave life to me

Do I really have to say goodbye
Don't want this time to be through
Oh please tell her that I love her Lord
And that You love her too

'Cause if I should die before I wake
I pray her soul You'll keep
Forgive her Lord, she doesn't know
That You gave life to me

On the days when she may think of me
Please comfort her with the truth
That the angels hold me safe and sound
'Cause I'm in Heaven with You
I'm in Heaven with You
