

Fill My Heart

Kathy Troccoli

River of life to my soul
Anchor of peace that I know
You're my joy, you're the reason I live
The love I can give

With You I can do mighty things
Soaring upon angel wings
Touch my world with all that You are
And shine like the stars

Give me faith to move those mountains
Give me hope when times are hard
Give me love to conquer all
Give me You to fill my heart

Lord, keep me hungry for You
Thirsty for more of the truth
Hear my prayer
May no compromise be in my life

Give me faith to move those mountains
Give me hope when times are hard
Give me love to conquer all
Give me You to fill my heart

Keeper of all of my dreams
You do impossible things
May no compromise be in my life, yeah

Give me faith to move those mountains
Give me hope when times are hard
Give me love to conquer all
Give me You to fill my heart

Give me faith to move those mountains
Give me hope when times are hard
Give me love to conquer all
Give me You, give me You
Give me You to fill my heart

Give me faith, give me hope
Give me love, give me You, You, You, You, You
Give me You to fill my heart

Give me faith, give me hope
Give me love, give me You, You, You
Give me You to fill my heart

Give me faith, give me hope
Give me love, give me You, You, You, You, You
Give me You to fill my heart

Give me faith, give me hope
Give me love, give me You, You, You
Give me You to fill my heart
