

# Can't Keep Myself From Loving You

Katie Armiger

It's a million miles from there to here  
And how we got here isn't clear  
I wonder if we'd do it all again  
I've retraced this very step  
Trying to find the moment when  
You and I became more than friends

I'm falling too hard  
Falling too deep  
Can't breathe, can't eat, can't sleep  
Keep telling myself  
This can't work out  
But when you kiss me like that  
I can't help but kiss you right back  
Under your spell, overwhelmed  
As hard as I try to  
I can't keep myself from loving you

Like a spark to gasoline  
I'm afraid of what you do to me  
And I don't wanna do something I'll regret  
Part of me wants to cut and run  
But my heart just can't move on  
It's driving me over the edge

Now I'm falling too hard  
Falling too deep  
Can't breathe, can't eat, can't sleep  
Keep telling myself  
This can't work out  
But when you kiss me like that  
I can't help but kiss you right back  
Under your spell, overwhelmed  
As hard as I try to  
I can't keep myself from loving you

I wish I could but I just can't stop from loving you

Now I'm falling too hard  
Falling too deep  
Can't breathe, can't eat, can't sleep  
Keep telling myself  
This can't work out  
But when you kiss me like that  
I can't help but kiss you right back  
Under your spell, overwhelmed  
As hard as I try to  
I can't keep myself from loving you  
Can't keep myself from loving you  
Can't keep myself from loving you
