

Anywhere Place

Katie Costello

Tell me a story that consists of more than once upon a time the
end

Staring that same familiar friend

Sing me a song that I can hum upstairs and back

That can live in my mind, maybe for all time

I don't need a wall or face

I just need a place

I can call and name my own

My anywhere place

My anywhere place

Walk with me somewhere where I can run until no end

Hands held tight and no one is looking for me this night

Look with me someplace where the sky is as endless as the rhythm
of the sea,

It rhymes in ecstasy

I don't need a wall or face

I just need a place

I can call and name my own

My anywhere place

My anywhere place

Now that the trees are gone and the water is cool

I'll go back to where I can find what's true

Where it isn't grey, where I can stay

My anywhere place

My anywhere place

Tell me a story that consists of more than once upon a time the
end

Staring that same familiar friend

I don't need a wall or face

I just need a place

I can call and name my own

My anywhere place

My anywhere place

I don't need a wall or face

I just need a place

I can call and name my own

My anywhere place

My anywhere place
