

# Cityscapes

Katie Costello

Cityscape, I want to escape, take me to the root of your light  
Cityscape, forever engraved, stuck in time, stuck inside my mind

And how, did you ever get so bright?  
And how, did you soar so very high?

When did I not love you?  
When did I not know you?  
You make me better than I could be  
I'm bursting at my seams

Cityscape, I know I'm home when I see your skyline in the night  
Cityscape, you've let me see, that I'm my home wherever I shall be

And how, have you taken all my fears?  
And how, have you made everything seem clear?

When did I not love you?  
When did I not know you?  
You make me better than I could be  
I'm bursting at my seams

Cityscape, you're more than a place, you're part of everything  
that I am  
Cityscape, you make me chase, you make me follow everything I can
