

# Let you go

Katie Herzig

You might find love  
It might find you  
It might take every piece of you  
It takes your breath  
It takes your heart  
It can take your world apart  
To let you go  
It takes my soul

I wished you here  
I wished so hard  
I wished your smile in the dark  
You came for me  
You came so true  
You gave me all this hope to lose  
And now to know  
You have to go  
It takes my soul

But I'll take pain to know this love  
To feel alive  
To feel enlightened  
I would rather take the fall  
Than to never love at all  
I'll take pain to know this love  
To feel alive  
To feel enlightened  
I would rather take the fall  
Than to never love at all

But now I know  
You can go  
Now I know  
I'll let you go

I'll let you go

But I'll take pain to know this love  
To feel alive  
To feel enlightened  
I would rather take the fall  
Than to never love at all  
I'll take pain to know this love  
To feel alive  
To feel enlightened  
I would rather take the fall  
Than to never love at all
