

# Take It Back

Katie Herzig

I drove all night  
I didn't want to tell you  
I was on your sight  
Oho what a lonely night  
Where girls walk and fall apart one time  
But you can disregard everything they tell you  
I'm just very tired  
You really had no secrets, just a secret life  
All the things you knew I never knew  
I knew

Would you take it back if you could?  
Would you throw it all away  
and tell me I misunderstood  
Would you take it back if you could?

I gave you everything every woman should  
I gave you all those things  
Oho how it stings  
To think I left the dream just for a while  
oh no

but dreams they die  
right when someone tells you it was all a lie  
right when someone tells you they're very sorry  
I didn't want to tell you it was not the time

would you take it back if you could  
would you throw it all away and tell me I misunderstood  
would you take it back if you could

would you take it back if you could  
give back what you took  
give back what you took  
would you take it back if you could  
give back what you took  
give back what you took

Oh I slept last night  
the first time in a while  
I dreamed I'd fly  
oho what lovely night  
I flew away to find what I've left behind  
And when I grew my wings  
I know I could forgive you almost everything  
that I have ever done  
It was all the same  
you would not believe what I could see

I would take it back if I could  
I would throw it all away  
Oh misunderstood  
Would you take it back if you could  
Would you take it back  
If you could  
Give back what you took  
Give back what you could

Give back what you took
