

## All Over the World

Katie Melua

All over the world  
People must meet and part,  
There`s someone like me  
Feeling the pain in the heart.

Someone may meet again  
Under the same bright star,  
If maybe some night  
You come back from afar.  
Who cares if tonight  
I don`t know where you are.

Are you thinking of me now?  
Missing having me around?  
If you have forgotten me  
My world will come tumbling down.

All over the world  
Others are sad tonight  
There`s someone like me  
Watching the sun`s fading light.

All over the sky  
There is the same warm glow,  
Here under that star  
I`m wanting you to know

...Wherever you are that I still love you so.  
...Wherever you are that I still love you so.
