

## Dirty Dice

Katie Melua

Got an angel on one shoulder and a devil on the other  
And it's his good advice that I take  
I live with a sprinkle of a little sin  
When the world is asleep I'm awake

With the roll of my dirty dice  
I'm only following the devil's advice  
I'll take your love and leave my kind regards  
But I never cheat at cards

So you really think you're leading when we tango across the flo  
or  
It's only 'cause my feet are out of sight  
Mine is the hand that spins you 'round  
Then pushes you out into the night

With the roll of my dirty dice  
I'm only following the devil's advice  
I'll take your love and leave my kind regards  
But I never cheat at cards

With the roll of my dirty dice  
I'm only following the devil's advice  
I'll take your love and leave my kind regards  
But I never cheat at cards
