

# I Do Believe In Love

Katie Melua

They say we never landed on the moon  
There's no wind there, they assume  
I guess conspiracies are nothing new,  
But I'm sure I've been there with you.

And I don't believe that in space  
The only life is here on earth  
How could we be the only race  
That loves and hates 'til death from birth?

But I do believe in love,  
Though I should never rely on love  
Nothing else excites me,  
But loving you.

Is it true a politician's heart  
Can rust away and fall apart?  
I guess it must be hard,  
It must be hard,  
To know what's good  
and to know what's easy

You might think it's strange,  
For all my wild ideas,  
But I do not believe that change,  
Can ever happen without tears.

But I do believe in love,  
Though I should never rely on love  
Nothing else excites me,  
But loving you
