

# Moonshine

Katie Melua

Well my eyes are closed, but my heart's on fire  
Because the clock is approaching the midnight hour  
I leave my window open, all the lights are out  
And from the darkest night comes the lightest shout

Moonshine, moonshine moon  
The cow jumped over the moonshine moon  
Moonshine, moonshine moon  
I'll love you tonight under the moonshine moon

Well as we walk through the streets, there's no-one nowhere  
And our nightgown's trailing and our feet are bare  
I don't know where we're going and I don't care  
Just as long as you're here and the moon's up there

Moonshine, moonshine moon  
The cow jumped over the moonshine moon  
Moonshine, moonshine moon  
I'll love you tonight under the moonshine moon

Now all the little boys and girls around the town  
Dreaming through the darkness till the moon goes down  
But me and my baby gonna be up all night  
Dancing under the moonlight

Moonshine, moonshine moon  
I'll love you tonight under the moonshine moon  
Moonshine, moonshine moon  
The cow jumped over the moonshine moon  
Moonshine, moonshine, moonshine, moonshine moon
