

# Mirror

Katra

Can you  
See those eyes  
Betrayal and lies

Staring at me  
Forcing to scream

Is this a dream  
Nightmare I mean

I cannot withdraw  
I'm gonna fall  
Out of reach  
If what I see face to face,  
is my pure reality

Is there more more to be seen  
In the mirror than just me  
Is there more more to be seen  
Trough my sin of vanity

What have I become  
Oh, how to come undone  
Give me a gun

It haunts  
me every time  
No way to hide  
It's there inside

Tearing my heart trulky apart  
I see the scars  
They will remind

I'm gonna fall  
Out of reach  
If what I see face to face,  
is my pure reality

Is there more more to be seen  
In the mirror than just me  
Is there more more to be seen  
Trough my sin of vanity

What have I become  
Oh, how to come undone  
Give me a gun

More more to be seen  
In the mirror than just me  
Is there more more to be seen  
Trough my sin of vanity

What have I become  
Oh, how to come undone  
Give me a gun
