

# One Wish Away

Katra

Once upon a time  
Little girl, age of nine  
Had wings so that she could fly  
She wished upon the star  
Keep me safe and guard  
My way if I go too far

Can't you see what I see?  
I felt so alive  
When all my dreams  
Were just one wish away

Can't you see what I see?  
I felt so alive  
When all my dreams  
Were just one wish away  
One wish away

Somewhere above  
Promised Eden of love  
Held her young heart unharmed

By closing her eyes  
She could easily rise  
And leave all the tears behind

Wonder why I can no longer fly  
Away from the pain that I feel every night

Can't you see what I see?  
I felt so alive  
When all my dreams  
Were just one wish away

Can't you see what I see?  
I felt so alive  
When all my dreams  
Were just one wish away

From right to wrong  
Virtue to vice  
Eyes of a child  
Cannot see  
Hidden evil inside

Can't you see what I see?  
I felt so alive  
When all my dreams  
Were just one wish away

Can't you see what I see?  
I felt so alive  
When all my dreams  
Were just one wish away  
One wish away
