

Feel For Me

Katrina Carlson

Can you feel it, do you feel anything
Am I standing too close to you, baby
I can't help it, my heart's a quiet storm
So I was wondering maybe

Could you teach your heart to feel for me
If you could I know that we would be so happy
If you could teach your heart to feel for me
How beautiful this love could be

You know how to reach inside my heart
And bring out the best in me
There's more than I guessed there'd be
With you I've learned what love is all about
So if you're testing me make any request of me

Could you teach your heart to feel for me
If you could I know that we would be so happy
Could you teach your heart to feel for me
Or am I the only one who can see
How beautiful this love could be

I know, I know
I know you want to let me down easy
I know, I know
I know you like me as a friend
But I love you, I love you
I love you completely
It's not fair why can't you care
Why can't I be what you want

Could you ever teach your heart to feel for me
If you could I know that we would be so happy
Could you ever teach your heart to feel for me
Or am I the only one who can see
How beautiful this love could be
