

Here And Now

Katrina Carlson

Heaven knows if I were given one more day
At the end of my life I'd spend it this way
But Heaven comes and goes and what I'm feeling now
Makes the ups and the downs not matter somehow

(Chorus)

Is this what love is about
Never wanting to be without you
You make me feel like there's only
Here and now

The sun could turn to dust, the day could fall away
I wouldn't care as long as you stay
And all the trouble life has put me through
I'm gonna let it go, and hold on to you
The world fades away
Till there's nothing left but today

(Chorus)

Ah... Ah...

(Chorus)

Hey hey, yeah
Is this what love is about (Here and Now)
Never wanting to be without you
You make me feel like there's only
Here and Now

Heaven knows if I were given one more day
I'd spend it this way
