## Would You Love Me Anyway

**Katrina Elam** 

If I am just a girl, would you love me Just one against the world, would you love me If I can't be like everybody else, so I walk away From a dream I never even wanted for myself Would you love me anyway

If I'm not strong enough, would you love me If I need you too much, would you love me If I run to you when I wanna cry, when I'm gonna break And you can't understand why, would you love me anyway Would you love me anyway

Baby I need to hear you say, that you know me You really know me and you love me anyway

If I want to fly, would you love me Hold me while I try, because you love me If I wish to live among the stars Where I can touch God's face Would you let me go that far, and love me anyway Would you love me anyway

Will you love me anyway Baby I need to hear you say, that you know me You really know me and you love me anyway Anyway Baby I need to hear you say that you love me anyway
