

Movement

Katy B

Don't you let me down again
Stuck in this small carnival van
My electric gets me further
When did our love turn to burden?

When my eyes are wet and sore
I can't see you anymore
Cause my senses turning hazy
As our temper's going crazy

Silence is the sound of now
When I much prefer the
Bold and loud

Give me movement, give me movement
I need some kind of improvement
Give me movement, give me movement
Let me know that you can do it
Give me movement, give me movement
I need some kind of improvement

When there's no one I'd rather love
You keep darkness above the love
How we're meant to move if, there's no movement [x5]

Back to the starting point again
I'm getting cozy here, my friend
'Cause the dicing got no numbers
Stay here still have time to wonder

Was I always like this
Or did I have some kind of fun
Letting go of all my stresses
But now you got me feeling restless

Silence is the sound of now
When I much prefer the
Bold and loud

Give me movement, give me movement
I need some kind of improvement
Give me movement, give me movement
Let me know that you can do it
Give me movement, give me movement
I need some kind of improvement

When there's no one I'd rather love
You keep darkness above the love
How we're meant to move if, there's no movement
