

# Take Me Away

Katy McAllister

You're beautiful  
It's nice to see I wasn't looking for  
Anyone to be with me  
Didn't think you would leave this place for so long  
I forgot about  
Your brooding stare  
So much to talk about  
But you sit there  
And don't have much to say  
When you were far away  
I planned for this day

And now I can't think of  
What I was gonna say  
You sit across from me  
And I can't seem to think straight  
I can't seem to remember  
How it got this way  
Should be holding it together but you

Take me away  
And my breath is far from steady  
Can you see it on my face?  
Don't have to say  
Much to me till I'm ready  
To up and run away  
Don't know what you even do  
But I'm dying to just be around you  
So take me away  
For tonight cause I know  
You'll be leaving soon anyway  
Anyway

Entertain my thoughts  
You're like a fantasy  
Leaving my stomach in knots  
You're within my reach  
But seem untouchable  
It's like I'm trapped in a movie scene

And I'm the one who's  
To damn obvious  
You're a mystery  
And I wasn't born to mind-read

You're the one who's  
Blessed with perfection  
I'm the hot mess  
Not easy, just easy to read

Take me away  
And my breath is far from steady  
Can you see it on my face?  
Don't have to say  
Much to me till I'm ready  
To up and run away  
Don't know what you even do

But I'm dying to just be around you  
So take me away  
For tonight cause I know  
You'll be leaving soon anyway  
Anyway
