

Love Me

Katy Perry

I love myself in fear of losing you
I wish I didn't do
But I did
I lost my own, my own identity
Forgot that you picked me for me

But now, I don't negotiate with the insecurities
They always seem to get the best of me
I found the head to love myself, the way I want you to

Love me, no more second guessing
No, there's no more questioning
I'll be the one to find who I'm gonna be
No concealing feelings, or changing seasonly
I'm gonna love myself, the way I want you to love me

Sometimes I wish my skin was a costume
That I could just unzip, and strip
But who I am is who I'm meant to be
And it's who you are in love, in love with
Some night, I don't negotiate with the insecurities
It gonna have to take a back seat
I know I have to love myself, the way I want you to

Love me, no more second guessing
No, there's no more questioning
I'll be the one to find who I'm gonna be
No concealing feelings, or changing seasonly
I'm gonna love myself, the way I want you to love me

No more standing in my own way
Let's get deeper, let's get closer
No more standing in my own way
(I want you to love me)
No more standing in my own way
(I want you to love me)

No more second guessing
No, there's no more questioning
I'll be the one to find who I'm gonna be
No concealing my feelings, or changing seasonly
I'm gonna love myself, the way I want you to love me

No more second guessing
No, there's no more questioning
I'll be the one to find who I'm gonna be
No concealing feelings, or changing seasonly
I'm gonna love myself, the way I want you to love me
