

# Roulette

Katy Perry

I'm uptight  
Playing by the rules in this game of life  
365 days on the grind  
Something's stirring, I might need to unwind  
Then, there's you  
Texting me a little bubble of trouble  
I've tried to ignore these thoughts that rumble  
I think I'm bored of being so careful

Big city lights  
Got me flirting with fire  
Tonight I'ma  
Let my hair down  
Have a few rounds  
And just let go

Like a roulette, o-o  
Wanna close my eyes, and roll it with you  
Like a roulette, o-o  
Wanna lose control, and forget with you  
Like a roulette  
Let's roll it

Then say  
Everything in moderation  
And sometimes you got to give in to temptation  
So I, drop a pin to my location  
Let's roll the dice

Big city lights  
Got me flirting with fire  
Tonight I'ma  
Let my hair down  
Have a few rounds  
And just let go

Like a roulette, o-o  
Wanna close my eyes, and roll it with you  
Like a roulette, o-o  
Wanna lose control, and forget with you  
Like a roulette  
Let's roll it

So tonight, we test limits  
Take the safety off for a minute  
'Cause my love's a bullet with your name written on it  
Just load it and spin it

Like a roulette, o-o  
Wanna close my eyes, and roll it with you  
Like a roulette, o-o  
Wanna lose control, and forget with you  
Like a roulette  
Let's roll it

Like roulette  
Wanna close my eyes, and roll it with you
