## Rush

**Katy Perry** 

I kissed your sweet lips I floated so high Your eyes looked at mine The world froze in time What is this feeling? I am on cloud nine Guess I'm still reeling From your body Next to mine It's a rush I can't explain Like you shot Something crazy Into my veins And I'm ten feet Off the ground And I don't want To come down Don't want To come down I know You're sleeping I wish you Were right here 'Cause my bed's so empty I'd hold you so close dear And I sang my song to you Your smile was priceless What else can I do? I'm a junkie over you It's a rush I can't explain Like you shot something Crazy into my veins And I'm ten feet Off the ground And I don't want To come down Is it me Or is everything spinning I'm wide awake But I must be dreaming It's like You're some kind of drug Try to catch my breath And see If I'm still breathing Touch my heart And make sure It's beating It's like

I'm falling in love

It's a rush I can't explain Like you shot Something crazy Into my veins And I'm ten feet Off the ground And I don't No I don't No Don't want To come down Don't want To come down Gonna come down
