

Search Me

Katy Perry

Through this skin you see
My heart
Through this laughter you feel
My pain
Even through this mask you see
My face

For You are the only one
who really knows just who I am
And you search me
And you know all the secrets of my heart
And you search me

Revealing the mysteries of who You are
You search me
Growing up never comes
Easily
In Your hands, You're the potter

Molding me
Then why do I wear this mask and play this game
Of hide and seek
When You are the only one who really knows just who I am

R: And you search me
And you know all the secrets of my heart
And you search me
Revealing the mysteries of who You are
And you search me
And you know all the secrets of my heart
And you search me
Revealing the mysteries of who You are

My Father, my Father
You are my Father, oh, and I am Your child
And you hear my cry, even at the midnight

R: And you search me...

the mysteries of who You are
the mysteries of who You are
