

Work

Kavana

We got to work, work
work, work
We got to work, work
work, work
We got to work, work
work, work
We got to work, work
work, work
Yeh Yeh

Don't try to understand the way I'm feeling now
And don't misread my words cos what I say is how
I see our future baby, no question or no maybe
A change has gotta come someday

The way it was before, can't carry on no more
This one way love affair
I know you don't seem to care, now tell me if I'm wrong
For loving to be strong you got to

Work, just to make it work
You gotta work to make it work
Nothing comes so easy, got to
Work, just to make it work
You gotta work to make it work
Yeh Yeh

I saw it long ago, I realised you'd never show me
The way you feel inside, you'd always choose to hide
We got a future baby, no question or no maybe
A change is gonna come right away

I gotta make you see it's the only way to be
No more one way love affair
And now you know I really care
The time has come to pass if love is gonna last

Work, just to make it work
You gotta work to make it work
Nothing comes so easy, got to
Work, just to make it work
You gotta work to make it work
Yeh Yeh

If we could reach an understanding you'd see that it's much better
Than livin' our lives on our own
I know it seems old-fashioned, but baby that's no reason
To run away from love
Cos there's no-one above you

Work, just to make it work
You gotta work to make it work
Nothing comes so easy, got to
Work, just to make it work
You gotta work to make it work
Yeh Yeh

I gotta make you see it's the only way to be
No more one way love affair
And now you know I really care
The time has come to pass if love is gonna last

Work, just to make it work
You gotta work to make it work
Nothing comes so easy, got to
Work, just to make it work
You gotta work to make it work
Yeh Yeh

Work, just to make it work
You gotta work to make it work
Nothing comes so easy, got to
Work, just to make it work
You gotta work to make it work
Yeh Yeh

Work, just to make it work
You gotta work to make it work
Nothing comes so easy, got to
Work, just to make it work
You gotta work to make it work
Yeh Yeh
