

Love Ain't Right

Kay Starr

Love ain't right
Love ain't right
Love ain't purdy
When love ain't right
When we fuss
And when we fight
Ain't it a pity
When love ain't right

Kitten in the kitchen
Hear it purr
?In the pantry lookin' at her
Well they're ready to tangle
It's plain to see
Get along better than you and me

Bees in the honey
Bees in the comb
You're the only bee
Whose not at home
You got me buzzin'
When you're all through
But you're buzzin' with the bees
Who don't buzz you

Out in the treetop
Hootin' all day
Sittin' and a-waitin'
Don't wanna play
Gets no answer when he says "Who"
Just like me when I talk to you

Sheep in the meadow
Cows in the corn
First you're here and then you're gone
I'm gonna get me three boy scouts
To keep up with your whereabouts

Folks may think there's something wrong
Sounds like we don't get along
Our love ain't weak, our love is strong
Without our fightin' there ain't no song
