

# The Rock And Roll Waltz

Kay Starr

One night I was late, came home from a date  
Slipped out of my shoes at the door  
Then from the front room, I heard a jump tune  
I looked in and here's what I saw

There in the night what a wonderful scene  
Mom was dancing with Dad to my record machine  
And while they danced, only one thing was wrong  
They were trying to waltz to a rock and roll song!

A-one, two, and then rock  
A-one, two, and then roll  
They did the rock and roll waltz  
A-rock, two, three, a-roll, two, three  
It looked so cute to me  
I love the rock and roll waltz

A-one, two, and then rock  
A-one, two, and then roll  
A-one, two, and then jump  
It's good for your soul  
It's old but it's new  
Let's do the rock and roll waltz
