

Dream Child

Kayak

A voice in the night, a face on the wall
And a thousand candles burning
He tries to look away but he's losing control
He's feeling so alone

Floating away into places unknown
Being haunted by desire
Is he a master of fate or just a captive soul
That shivers to the bone

But it's all in the mind's eye
Don't cry - Just a trick of the light

It's only a dream, child
Awake in the night

Don't worry anymore, cause it will be alright

Seeing it all in the blink of an eye
That the world will soon be changing
As the two-faced man shows his evil side
In this barren future land

But it's all in the mind's eye
Don't cry - Just a trick of the night

It's only a dream, child
Awake in the night
Don't worry anymore, cause it will be alright
