It's easy to mock the prophets of God
To laugh at the mirror of pain they hold before you
Did an infinite power give him the strength of a
Visionary
Did good or evil reign over Nostradamus
Did his Vision reach beyond the borders of time
(+Scalinger)
Or was it a dark fantasy that imprisoned his mind

Can one man bear the key to the houses of time
Can uncertain quatrains open the window to the future

Must I believe a man, whether wise or fool
When there's always been a heaven
To determine the fate of man
