

The Car Enchanter

Kayak

So many pretty colours all in store
Ivory or broken white- whichever one you're looking for
Knowing all the secrets and the tricks of the trade
Keeping up with changes so you're able to choose any
Shade
Easily, precisely
Looking as good as new
Know where you can find the different silver blue that's
Meant by you
The car enchanters

Style, skill and dedication all in one
I can see this combination's bound to win, this team is
Strong
Knowing how to mingle into something unique
The keystone is the system so you'll find just the colour
You seek
Employees on dispense, all over the land
Never you will let us down, this song's for you a tribute
To
The car enchanters
