

They Get To Know Me

Kayak

All the medley circumstances
Sadness of surrounding senses
All the things around me
Did hurt me

Gently parents came to reason
End of disapproving seasons
Now they understand
For gradually
They get to know me

Attitudes of mind decay as
Tempers tend to be more gay, yes
Light comes into life
For you and me

Generation gap is fading
All suspicions disappearing
Now they understand
For gradually
They get to know me
