

Wintertime

Kayak

How a changing scene
Rearranging trees
Signs of things to come right now
A cold wintertime

Days become less day
A returning play
Many creatures sleep right now
A cold wintertime

It's wintertime now
Flakes whirling down down
But I'm alright so
I can find a way to see, the bright side
Find a way to see the bright side

It's wintertime now
I'm feeling fine now
Yes I'm alright then,
I can find a way to see the bright side,
I can find a way...

It's wintertime now
Flakes whirling down down
But I'm alright so
I can find a way to see, the bright side
Find a way to see the bright side

Silence all around
Quiet is the sound
Of the distant howling hound
A cold wintertime

Everything is free
To a high degree
You will give me peace of mind
A cold wintertime
