

# Horizon

## Kazaky

[illegible]

Life is there where I can see your smile  
Beautiful eyes shine like the sky tonight  
Wake me, it is a trap  
Let's go in the night  
Wake up all the way I feel

But you can promise to tell me  
To Run away far from me to the horizon  
Only one you can't be there  
Where someone has to love you

[illegible]

Life is there where I can see your smile  
Beautiful eyes shine like the sky tonight  
Wake me, it is a trap  
Let's go in the night  
Wake up all the way I feel

But you can promise to tell me  
To Run away far from me to the horizon  
Only one you can't be there  
Where someone has to love you

Someone has to love you

Someone has to love you

[illegible]

To the horizon  
To the horizon  
To the horizon
