

What You Gonna Do

Kazaky

I know what
You want all your wish
I know you
Are you child or a beast?
I'll show you how deep in your soul
Just let me go down, go down to your...

What gonna do?
You have to know
I want to know
We want to know

Is it my choice?
You ask me once
You ask me twice
I said three times.

What gonna do?
you have to know
I want to know
We want to know

Let me go down
and deep and down
and deep and down
to the bottom of soul.

What gonna do?
you have to know
I want to know
We want to know

Is it my choice?
You ask me once
You ask me twice
I said three times

What gonna do?
you have to know
I want to know
We want to know

Let me go down
and deep and down
and deep and down
to the bottom of soul.

I know you
I know what you want

I know you
I know what you want

I know you
I know what you want

What you gonna do?

you have to know

What you gonna do?
you have to know

What gonna do?
you have to know
I want to know
We want to know

Is it my choice?
You ask me once
You ask me twice
I said three times

What gonna do?
you have to know
I want to know
We want to know

Let me go down
and deep and down
and deep and down
to the bottom of soul.

What you gonna do?
It's your choice
Let me go deep
to the bottom of soul.

What you gonna do?
It's your choice
Let me go deep
to the bottom of soul.

I know you
I know what you want

I know you
I know what you want

I know you
I know what you want

You're so horny...
I have to go.
