Kazzer

All the shit you put me through you'd think I was a  
Superman  
But I'm not made of steel  
I may be strong but I'm not strong enough to be let down  
Some wounds will never heal  
You wear me out...  
You wear me out...

I'm ordinary  
Just skin and bone  
I'm ordinary  
I'm not invincible  
Not invincible

Times are rough we don't have much but I can work  
Things out  
You find it hard to see  
What I give is all I have and when that's not good  
Enough  
You hold it over me  
You hold me down...  
You hold me down...

I'm ordinary  
Just skin and bone  
I'm ordinary  
I'm not invincible  
Not invincible  
You should have known  
You brought this on and I'm out  
What did u work for me  
I gave you everything  
Oh I'm dying, I'm lying on the ground

All this shit you put me through you'd think I was a  
Superman  
But I'm not made of steel  
I'm not invincible  
I'm ordinary  
Not invincible  
Just skin and bone  
I'm not invincible  
I'm ordinary  
I'm not invincible  
Just skin and bone  
Not invincible  
You should have known  
You should have known  
You brought this on and I'm out  
What did u work for me  
I gave you everything  
Oh I'm dying I'm lying on the ground
