

# Pedal To The Metal

Kazzer

Like a 454  
With the 4 on the floor  
Deuce coupe coming at you  
Avoiding the capture  
Far from stock I'm chopped  
And ready to rock  
From the city of steel  
Catch me cruising down the block  
Whenever days are difficult  
I'm out on my own  
Drive an '86 Jetta  
Hoping that I could do better  
But my car keeps me humble  
In the concrete jungle  
Despite the wear and tear  
It seems to always get me there

Rebuilt the motor because  
She decided to blow  
And what do you know  
Someone stole my stereo, when it's  
Time to go I put my foot on the floor  
Let the diesel do the work  
I ain't complaining no more  
Highways and straightaways  
Offroads and open roads  
No matter where I go  
still be making the show  
It's kinda like life  
And life treats you good  
It's not what's on the outside  
It's what's under the hood

Put the pedal to the metal and I'm off and never getting lost  
Which way will I turn when roads cross  
Press the petal to the metal little more when it's scary  
But one thing for sure, keep my foot on the floor  
(2x)

It doesn't matter what you drive  
It's like you drive what you got  
Discipline you can win  
Just let the tire spin  
And begin  
The journey of life with each stride  
Meet me on the other side  
Let me know when you arrive  
Sometimes we collide  
Be sure that your insured  
Got a back up plan  
And in with the program  
Who I am, Doesn't reflect material wealth  
My vehicle approaches

Put the pedal to the metal and I'm off and never getting lost  
Which way will I turn when roads cross  
Press the petal to the metal little more when it's scary

But one thing for sure, keep my foot on the floor

Won't stop driving till it's over  
Still be cruising when the sun goes down  
Won't stop driving till it's over  
Still be cruising when the sun goes down

Put the pedal to the metal and I'm off and never getting lost  
Which way will I turn when roads cross  
Press the pedal to the metal little more when it's scary  
But one thing for sure, keep my foot on the floor  
(2x)

Put the pedal to the metal and I'm off (2x)

Pedal to the metal and I'm off
